## ABOUT THIS COURSE

You only get ONE chance to impress an airline selection panel.

This flying experience is a must for any pilot not current on a B737NG or A320 about to embark on an Airline selection process. The course consists of a detailed aircraft handling briefing and 2 hours in the B737NG or A320 simulators, allowing you to familiarise yourself with the handling characteristics of a B737NG/A320 or transport category aircraft in preparation for the simulator check phase of your airline interview process.

Come master the sim profile that you will fly during your interview process !
